

Assimilations Admin Team

At Vintage Faith Church, we value Assimilations because we believe in helping everyone get connected within our church community!

Goal(s): Help us keep track of how many people we have attending each week, and help us get newcomers engaged in the life of our church community!

Time Commitment:

- Roughly 1-2 hours per week helping us process visitor information, and helping us reach out to new people!
- Optional: occasionally 1-3 hours in a week working on a special project.

Supported by: Landon Baker, Director of Community Life, Discipleship & Formation

Description:

- We evaluate data to help us keep track of how we're doing as a church, and to make sure that everyone who visits our church community gets followed up with and has the opportunity to find a place to belong here at Vintage.
Data might not seem that relational, but recording and stewarding information is actually a really important part of loving everyone who is a part of our church, whether they visit once or attend regularly. When we keep track of our numbers, we remember that each number represents a person, and another opportunity to share our faith and our mission here at Vintage Faith Church.

The VFC Assimilations Admin team is the place for you if you...
